

# Universal Controls For OEM

Proven reliability, low cost, and modular flexibility combine to provide a control system that can be easily customized for OEM uses. Your system can be simple or complex. It can incorporate servo controls, stepper controls, temperature controls, or virtually any other form of control you can imagine. Go easily and quickly from concept to prototype and from prototype to production. **As an added incentive, purchase 10 or more systems per year and Pyramid will provide FREE programming\*** cutting your time and cost even further. Contact us for more information on any of our controllers.

## Features

- ◆ Modular Design
- ◆ Low Cost
- ◆ Free Programming\*
- ◆ Easy To Use
- ◆ Relay Ladder Logic Programming

## Typical Applications

- ◆ Industrial Machine Control
- ◆ Materials Handling
- ◆ Pump Control
- ◆ Sequential Control
- ◆ Servo & Stepper Control
- ◆ Molding and Casting Machines
- ◆ X-Y Systems
